City of Angels NJ, Inc. was founded in January of 2009 after identifying the needs in our community of the addicted and their families for increased support, interventions and referrals. At COA, we offer support with the hope that we may be able to give people calm guidance as they approach the daily challenges faced by those affected with addictions.

From our early days, the *City of Angels* family has been committed to helping those who suffer from the disease of alcohol and/or drug addiction. The losses associated with addictions are devastating and *City of Angels* has been there for the addict and their suffering families. We were the first-ever "all volunteer community organization", as we established and still maintain a no charge policy for our support services.

August 15th 2016
